

TABQUIK® Approved Printers

support@tab.com

- Do you have a TABQUIK Applicator? This can greatly impact your choice when selecting a replacement printer.
- There are three label stocks that work with the TABQUIK Applicator:
 1. 6304-00 = 7 label Inkjet stock used with Epson printers
 2. 6321-00 = 5 label Laser stock used with Xerox and HP printers
 3. 6324-00 = 5 label Inkjet stock used with Epson printers
- What label stock are you currently using?

Laser Printers:

- **Laser labels should not be put through the printer more than one time. Doing so may void the printer warranty.**
 - **Make sure 'Labels' is selected under paper type in [Control Panel] printer preferences**
 - **Requires Postscript (PS) driver.**
1. Xerox Phaser 6360 – Able to utilize any laser label stock
 2. HP Color LaserJet CP4005n – Able to utilize most laser label stock
 3. HP Color LaserJet CP2025n – Able to utilize most laser label stock - **NEW!**
 4. Ricoh Aficio SP C410DN – Able to utilize most laser label stock

Inkjet Printers:

1. Epson C88+ – Able to utilize any inkjet label stock – **limited availability**
2. HP Officejet Pro K5400 – Able to utilize most inkjet label stock – **limited availability**
3. HP Officejet Pro 8000 – Able to utilize most inkjet label stock - **NEW!**
